*Group vaccination for COVID-19 will not be held.

*It takes about 2 weeks to develop immunity to the virus after the vaccination.

*The vaccination fee is set by each medical institution for persons other than the subject persons.

*Please consult with your family doctor beforehand whether you can receive the vaccination in case that you are under medical treatment, you have allergies (such as for eggs), or you have Physical Disabilities Handbook.

● Side Effects of the Vaccination

Generally, vaccines help our bodies develop immunity to the viruses that cause illness. Possible side effects from vaccines are pain on the arm you get shot, headache, joint pain, muscle pain, fatigue, having chills, fever after the vaccination. As life-threatening allergic reaction, anaphylaxis is one of the side effects caused by the vaccination. If you have any worrisome symptoms, please consult with a family doctor or a medical institution that you had the vaccine.

● Relief System for Injury to Health with Vaccination

Vaccinations can cause health problems (including illness or disability). Although this is extremely rare, the risk cannot be eliminated, and a relief system has been established for this case. For further information, please contact us.
